

A LONG, LONG TIME AGO ...

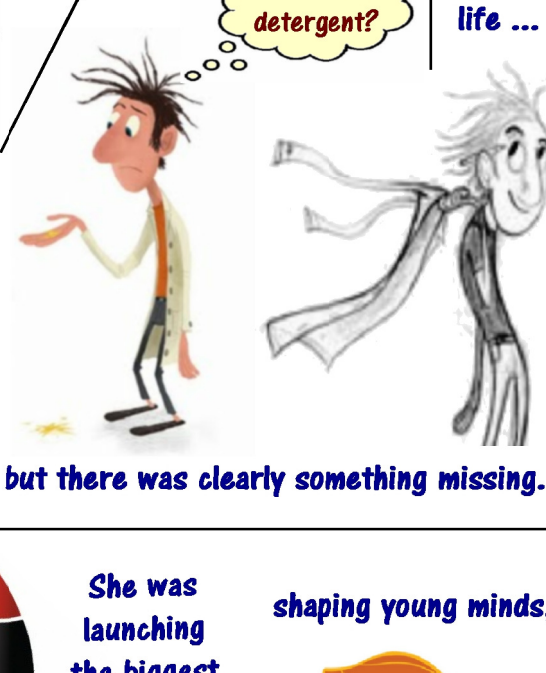

There was this boy,

who had a cool job,

a comfortable place, and what he really thought, was a pretty great life ...

MEANWHILE, IN A GALAXY FAR, FAR AWAY ...

There was this really awesome girl

all put together,

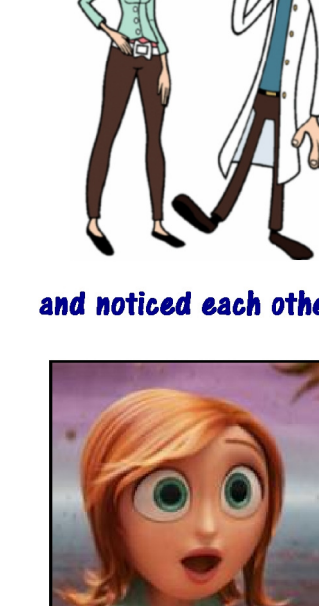

and totally cute ...

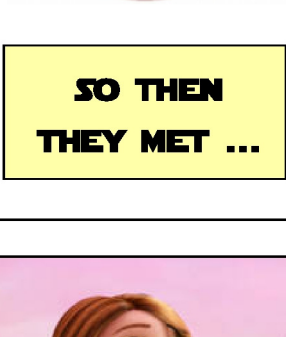

She was launching the biggest rockets into freaking space,

and saving the world.

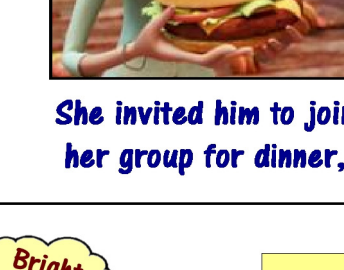

and noticed each other.

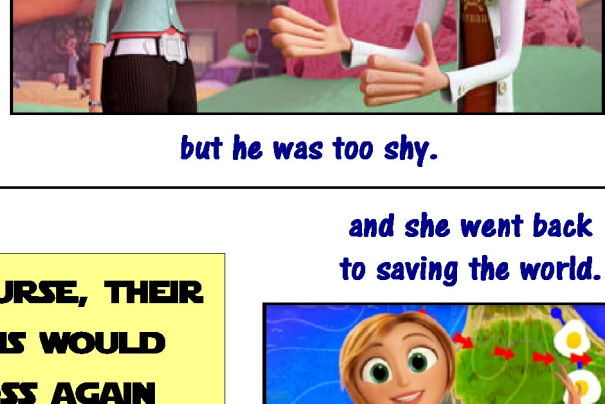

SO THEN THEY MET ...

But there was clearly something missing.

She invited him to join her group for dinner,

and she went back to saving the world.

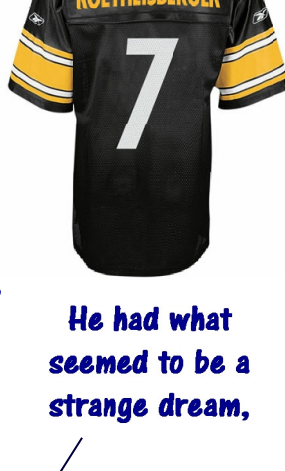

OF COURSE, THEIR PATHS WOULD CROSS AGAIN

Their friends tried to set them up and

hilarity would later ensue!

He had what seemed to be a strange dream,

and then they flirted (like only spies can)

So she (ab)used her considerable status, to get his attention ...

but still no first move!

and a date was set.

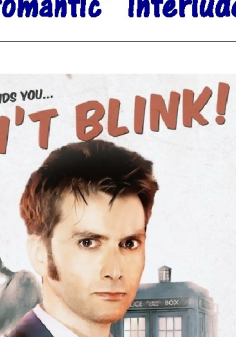

first date!

a home cooked meal,

the cutest trick-or-treaters,

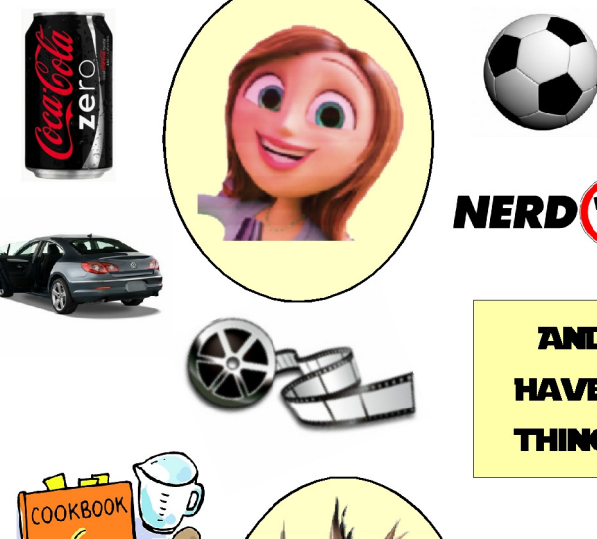

and a "romantic" interlude,

that totally set the right mood.

AND THEY LEARNED WHAT MADE EACH OF THEM SO SPECIAL

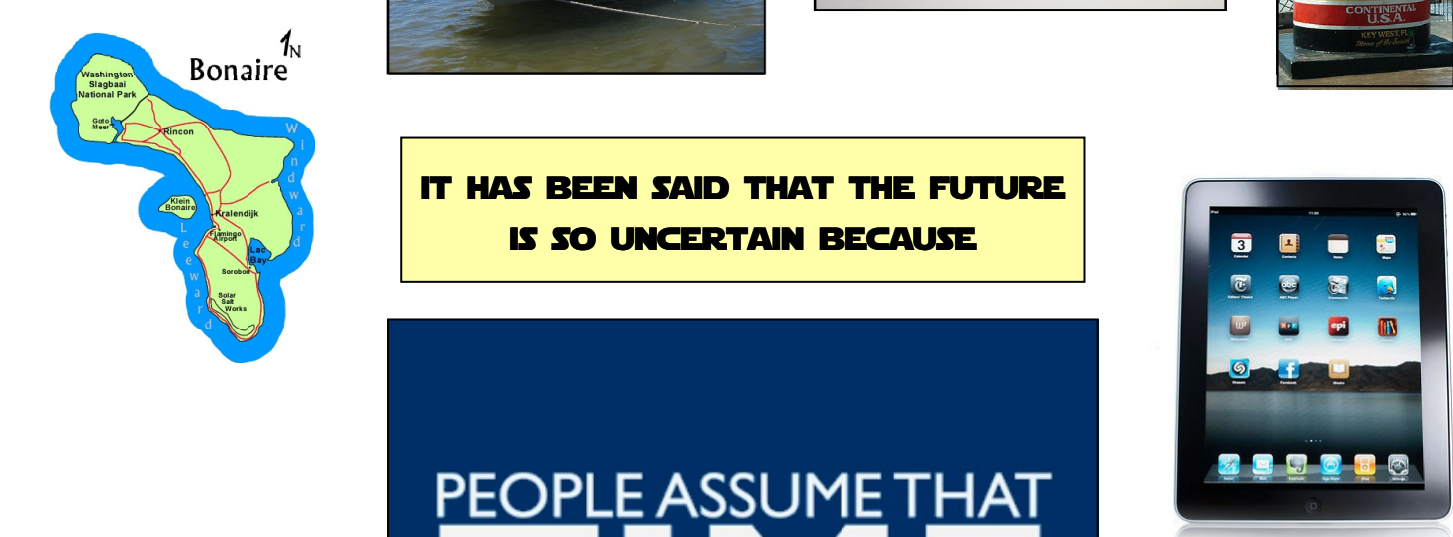

AND THAT THEY HAVE MANY, MANY THINGS IN COMMON

AND THEY KEEP LEARNING MANY, MANY, MANY MORE

AND THEY HAD THE FIRST OF MANY, MANY EXCELLENT ADVENTURES

IT HAS BEEN SAID THAT THE FUTURE IS SO UNCERTAIN BECAUSE

PEOPLE ASSUME THAT  
**TIME**  
IS A STRICT PROGRESSION OF CAUSE TO EFFECT  
BUT ACTUALLY FROM A  
NON-LINEAR  
NON-SUBJECTIVE  
VIEWPOINT IT'S MORE LIKE A BIG BALL OF  
WIBBLY WOBBLY  
TIMEY WIMEY  
STUFF

BUT WHAT IS CERTAIN IS THAT I WANT YOU IN THAT FUTURE WITH ME

SO WHATEVER YOU (YES YOU) DO IN THE NEXT 5 MINUTES, PLEASE

KEEP CALM AND DON'T BLINK

AND NO MATTER WHAT HAPPENS NEXT

TRUST ME  
I'M THE DOCTOR

BECAUSE OUR ADVENTURE TOGETHER IS JUST BEGINNING

I ONCE WROTE,

*Ecce Ego dedi vobis universa mundu,  
et omne cor meum.*

AND I STILL MEAN IT, SO ...

Sarah Reksten

I have something to ask you ...
